

## IUIS Council Member Description

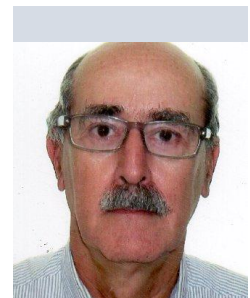

### Personal description by the Candidate for 2019-2022 Council:

I would like to continue representing ALAI at the IUIS Council for one more term (2019-2022). I was elected for my first term during the 16<sup>th</sup>. IUS General Assembly in Melbourne, after being postulated by ALAI.

During this time, I actively participated in all the council meetings, besides the IUIS Education Committee and Immunopaedia Steering Committee, as well. For this coming term, I am also endorsed by the ALAI General Assembly held in Cancun, Mexico, during the last ALAI Meeting in May 2018.

My participation in IUIS began in 2012 when I was elected ALAI's president and organized the 11<sup>th</sup>. Latin American Congress of Immunology in October 2015 in Medellin, Colombia. Thereafter, I served as Past-President in the ALAI Executive Board until May 2018.

My close contact with ALAI and IUIS during these years gave me a good knowledge of the Latin American immunology community and the IUIS activities and reinforced my commitment with IUIS and the development of Immunology, particularly in Latin America. I am willing to enthusiastically continue participating in the IUIS Council and other instances of the organization.

Candidate for 2019-2022 Council: **Luis F Garcia**
