Challenges:

- *Funding: Successful partial funding for the online database.*
- *Look for more funding: mobile app, activities with other committees (joint meetings, support for trainees, etc)*
- *Post a searchable list online at the IUIS website.*
- *Editorials in journals and activities to promote the committee.*
- *Continue the standardization of terms with the HPO group.*

Opportunities 2018:

- Capitalise on the newly developed mobile app - “PID Phenotypical Diagnosis”
- *Continue to update the digital content of the list of IEI at the IUIS website more frequently.*
- *Standardization of PID terms in the context of clinics.*
- *Implement strategies to interact with other IUIS committees to seek for synergistic opportunities.*
- *More presence on meetings of PID regional societies: ESID, etc (IUIS sponsored sessions)*
